## About This Game

A short 2-4 hour classically-styled RPG in a medieval fantasy setting where you investigate the strangeness surrounding the guardian dragon's and their crystals. It also features a unique combat system where effects spontaneously occur based on your equipment set-up. You play as a boy named Pyearne who begins a simple task and ends up in a situation that demands your utmost, or the world could become imperiled! Explore over 35 maps, and really rack your brains thinking of the best ways to take down foes!

### Features:

**A combat system where your equipment planning determines your characters utility!**

**Fun, light-hearted humor.**

**An epic soundtrack.**

**90s style RPG graphics and combat.**
